

Hi

Thank you for contacting us regarding having a pet in your home.

We are pet lovers ourselves so will always do our best to accommodate your furry friends.

If you could please answer the following questions we will then be able to revert to you with our acceptance:

1. Type of animal
2. Breed
3. Age
4. Attach a picture
5. Confirmation that the pet is house trained
6. Will it be left on its own during the day?

Once we have this information we can present it to the committee as to whether it is acceptable and if so (1) whether a deposit will be required and (2) how often we may need to conduct inspections.

Kind regards
